Planets give different *phalas* (results) in each of the 27 *nakshatras* (lunar mansions). These *phalas* relate to the quarter (*charana/pada*) of a *nakshatra* in which a planet is placed and the *dristhi* (aspect) of other planets that it receives. The beauty of *Ravana Samhita* is that a planet in one *pada* might give problematical results, whereas in the next *pada* of the same *nakshatra* it can give fortunate results. This difference is subtly highlighted and one that an intelligent student must not ignore. Here follows the fifth in this series of translations of *Ravana Samhita*, relating to the fifth asterism *Mrigashira*, which stretches from 53 degrees-20 minutes to 66 degrees-20 minutes of the natural zodiac. The Lord of this *nakshatra* is Mars.

See his Sun is in Mrigasira and aspected by Saturn directly so one would expect him to marry an elderly lady. He had 2 marriages: the 1st with Mayte Garcia-Nelson who was 15 years younger to him and a 2nd marriage with Manuela Testolini, 25, in a Jehovah's Witness ceremony in Hawaii on 12/31/2001. Both were distinctly younger to him and one can notice that Saturn is retrograde.
